ANNOUNCEMENT.

The Sixty-ninth Sale of this series will probably be of the Numismatic Collection of the undersigned. This collection, while it is not very great in extent or remarkable for value, the owner flatters himself will attract attention, and interest collectors on account of some peculiar and unusual features that it presents.

The Catalogue is now in preparation, and the sale will probably be held in September next. It will occupy at least four days and may extend to five or six.

The Catalogue will comprise from 120 to 180 pages; the cost without the plates will be from two hundred to three hundred dollars, say fifty cents each copy. To diminish expense I shall print only a limited edition, which will be distributed on a plan intended to avoid the great waste of the present system by which some buyers usually receive four or five copies.

Catalogues may be ordered from the Auctioneers or from any dealer as well as from myself. A uniform price of 25 cents will be charged for each copy, and the cash should accompany the order. As the Auctioneers and dealers all pay for every copy that they distribute, it is obvious they can neither furnish them gratuitously or collect the pay after delivery.

As this plan will surely suit every reasonable person, it is adopted as the fairest that can be devised, and as the edition of the Catalogue will be governed by the demand, orders must be sent without much delay, or the risk of disappointment will be incurred. Not more than two copies can be sent to any one address.

An edition of fifty copies will be printed with six or more full page heliotype plates, illustrating between one hundred and two hundred of the choicest specimens. The illustrated Catalogues will cost to make, about eighty cents each; they will be mailed to order before the sale for sixty-five cents each.

As usual an illustrated thick paper edition of 50 will be printed; these will be neatly priced in red ink, and sent to order as soon after the sale as practicable. The price will be two dollars each in case the sale extends to five or six days; if not over four days, the priced catalogues will cost $1.75 each.
